

KONSTRUCTA

STAND ALONE WELFARE RANGE – SITE CABIN SIZES

Provide essential facilities for your staff when there is no mains power or water on site. Discover the range of site cabin sizes below.

Welfare Units – ECO24 (static welfare units)

Enables you to provide essential facilities for your staff when there is no mains power or water on site; it's fully self-sufficient and comes complete with its own energy-efficient diesel generator, battery-powered lighting and water tanks. It contains a large canteen area for up to eight people, a separate small office area, a washroom with full-flushing toilet, a drying room and a plant room.

Welfare Units – 12ft hydraulic

At 3.55m x 2.30m, this provides canteen facilities for 5 people with a separate toilet and drying room incorporating auto low voltage sensing generator charging technology.
